

IN THE UNITED STATES DISTRICT COURT  
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

AQUAPAW BRANDS LLC,  
Plaintiff,

v.

TIKTOKS, *et al.*,

Defendants.

Civil Action No.

**FILED UNDER SEAL**

**DECLARATION OF TAYLOR FENNELL  
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF  
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Taylor Fennell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the Merchant Storefronts<sup>1</sup> operating under the seller identities as identified on **Schedule “A”** of the Complaint (the “Seller IDs”). Upon accessing each of the Merchant Storefronts, we were able to view Defendants’ Infringing Products<sup>2</sup>, add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants’ listings for Infringing Products, it was confirmed that each Defendant is offering for sale, knock-off products that infringe at least one claim of the Plaintiff’s Patent. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area (“the Pennsylvania Address”) in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiffs’ Products. These were sent to Nate Jelovich, an executive of AquaPaw Brands LLC. True and correct copies of the detailed web listings we captured and

<sup>1</sup> As defined in the Application, a “Merchant Storefront” is any and all User Accounts, including but not limited to, those hosted by Amazon, eBay.com, Aliexpress.com, and wish.com, through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

<sup>2</sup> As set forth in the Complaint, Defendants have offered for sale, sold, and distributed infringing and knock-off versions of the Plaintiffs’ Product which infringe upon at least one of the claims in its registered U.S. Patent, (the “Infringing Product”).

downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 25<sup>th</sup> day of May, 2021, at Pittsburgh, Pennsylvania.

- ✔ **EASY TO USE & CLEAN:** Just spread your pet's favorite treat such as peanut butter, yogurt or pumpkin puree on the lick pad and stick onto your tub, shower wall or any smooth surface when pet bathing or grooming. After use toss pad in the dishwasher or wash with hot soapy water and let it dry.
- ✔ **100% MONEY BACK GUARANTEE -** We pride ourselves on providing the highest quality products for you and your furry friend. - ★ [Keep pets quiet]: Dog licking pads can help reduce the anxiety of pets during bathing or grooming, reduce the dog's destructive behavior, and make your and your puppy's bath time more relaxing and enjoyable. Just sprinkle peanut butter or dog-approved snacks on the mat, and then paste it on the bathtub, counter, or any smooth surface.
- ★ [Promote pet diet] : The texture pattern of the dog pad of the slow feeder can promote the fresh breath of teeth. Our unique plate design can effectively reduce the speed of pets and extend the meal time, thereby reducing bloating and improving digestibility.
- ★ [High-quality materials]: Our dog licking pads are made of food-grade silicone, no peculiar smell or smell, strong and durable, flexible and never deformed. Can be used as a dog bowl, not as a dog bite toy.
- ★ [Powerful adsorption] : 37 suction cups can absorb smooth objects. The prominent design prevents food from scattering, slows down the speed of food design, and slows down the meal time of pets. Food grade silicones are non-absorbent and not easy to handle, just wash them with soapy water or dishwasher.
- ★ [Interaction and Health]: Dog licking pads can also be used for brushing teeth, manicure and training! Slow feeding can reduce the risk of overeating.

- ♥HIGH QUALITY MATERIAL: Dog lick pad is made of 100% Food-Grade Silicone and BPA free, strong flexibility, never deformed. With a diameter of 5.9 inches, it is an ideal size for cats and small and medium-sized dogs.
- ♥UPGRATED DESIGN: There are 37 powerful suction cups on the back of this dog mat to help secure it on a smooth and clean surface. The raised edges of the texture pattern prevent food from spreading and keep the bathroom, shower or counter clean.
- ♥KEEP PETS CALM: Dog lick mat designed to reduce anxiety and destructive behavior of your pet during bath or grooming time. Pets will happily lick food out of the pad, while being distracted, they won't be upset during bathing, grooming, nail trim and other stressful situations.
- ♥EASY TO USE & CLEAN: This dog food lick mat has many powerful suction cups on the back, which can be fixed on any flat/smooth surface, and then spread peanut butter or cream cheese, which will distract your pets and make them feel relaxed in the bath. Rinse quickly with a dishwasher or hot soapy water.
- ♥FREE GIFT PET TOOTHBRUSHES FINGER: Providing your pet with the highest standard in pet dental care. It's effective to tooth decay, and minimize the risk of tooth loss for your pet. We recommend to try it after using Dog Lick Pad.

RECOMMENDED FOR YOUR PETS: Lick Mat Slow Feeders are perfect for dogs and cats. The structured pattern promotes dental health for clean teeth, fresh breath and healthy gums.

HEALTHY SERVING: Licking pad is non-toxic and designed for pet's favorite snacks, 100% food grade silicone. It will keep your pet happy licking peanut butter, yogurt, pumpkin puree, and other natural products.

KEEP PETS CALM: The dog lick mat helps alleviate the fear of pets while bathing or grooming. Just spread peanut butter or your pet's approved treats on the mat and stick them to a tub, counter, or smooth surface. Great for pet grooming, hair and nail trimming, bathing, or exercising.

PROMOTES HEALTHY NUTRITIONAL: Our slow release treater design effectively slows the pet's eating speed, extends meal time, reduces gas and improves digestion.

EASY TO CLEAN AND STABLE FIXING: The pattern with normal circular design, easy to clean. The back has 37 suction cups to prevent it from slipping.
