IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

AQUAPAW BRANDS LLC, Plaintiff, v. YAN-PENG, *et al*., Defendants.	Civil Action No. **FILED UNDER SEAL**

DECLARATION OF DEE ODELL
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION

I, Dee Odell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the Merchant Storefronts[1] operating under the seller identities as identified on **Schedule "A"** of the Complaint (the "Seller IDs"). Upon accessing each of the Merchant Storefronts, we were able to view Defendants' Infringing Products[2], add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants' listings for Infringing Products, it was confirmed that each Defendant is offering for sale, knock-off products that infringe at least one claim of the Plaintiff's Patent. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area ("the Pennsylvania Address") in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiffs' Products. These were sent to Nate Jelovich, an executive

[1] As defined in the Application, a "Merchant Storefront" is any and all User Accounts, including but not limited to, those hosted by Amazon, eBay.com, Aliexpress.com, and wish.com, through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

[2] As set forth in the Complaint, Defendants have offered for sale, sold, and distributed infringing and knock-off versions of the Plaintiffs' Product which infringe upon at least one of the claims in its registered U.S. Patent, (the "Infringing Product").

of AquaPaw Brands LLC. True and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 8th day of December, 2021, at Pittsburgh, Pennsylvania.

LPWCAWL Silicone Pet Lick Pad with Shampoo Brush,Massage Care Brush,Remove Floating Hair,Starfish Shape Dog Slow Food Lick Pad,Slow Treater Mat with Suction for Pet Shower

Brand: LPWCAWL

Price: $23.21

- ▲FOOD GRADE MATERIAL: The cat/dog slow feeder is made of food-grade silicone, non-toxic, durable, and safe for pets. The licking pad has an interesting function to replace the cat bowl of the slow feeder. Its textured surface design slows down the cat's feeding rate and prevents bloating and indigestion. Make sure your cat or puppy can eat safely and comfortably.
- ▲PET SLOW-FEEDING BOWL: The cat/dog slow-feeding bowl has a textured surface design and can be used for dry and wet food. The flower-shaped design makes pets full of appetite for food, and the dog licking the pad can reduce the pet's boredom, anxiety, and stress. Keep pets quiet and enjoy their favorite foods.
- ▲EASY TO CLEAN: Just rinse the slow-speed cat/dog feeder with water. It is recommended to soak difficult-to-clean foods (such as peanut butter) in warm soapy water for a period of time, and then wash them with clean water.

- Tougher Material, More Durable - Our package includes 1 red licking mat, 1 blue licking mat, 1 yellow scrub pad (3 pieces). Our material is the strongest on the market. Our pets love to nibble while licking the dog treat pad and our licking mat can handle their nibbles. This can be a lick pad for large dogs, or small, and is often used as a dog washing distraction.
- Reduces Anxiety, Boredom and Destructive Behavior - These are lick pads for dogs anxiety. When they use our licking mat for dogs, it's a new challenge with soothing licking pad grooves. They have to dig the treat spread out with their tongue and teeth. Licking their tongue over the grooves provides fun sensations for them increasing their interest. Scraping their teeth and tongue ensures good oral care. The slow feeding process ensures they have better digestion.
- 37 Strong Suction Cups, No Slipping - Unlike some of our competitors, our dog licking mat suction has 37 strong suction cups that stick to most surfaces. Some of our competitors have suction cups that are too thin or thick and they don't stick. Some competitors don't have any suction cups! They don't stick to anything. We have designed our suction cups to ensure they stick to most surfaces

About this item

- [Pet Lick Mat with 2 Sizes – Meet Different Needs] 5.9" round dog lick mat with 12 strong suction cups and 7.8" square dog licking pad with 25 strong suction cups that can be firmly fixed on the smooth surface such as tiles, glass, etc. and are not easy to slide. The cat lick pad can relieve your pet's anxiety while cleaning, nail trimming and shaving.
- [Improve Health] Dog Licking mat with unique texture can effectively slow down eating and improve digestive system. Remove harmful bacteria on the tongue, stimulate salivation, keep your pet's teeth and gums healthy, and promote fresh breath.
- [Relieve Anxiety – Anytime, Anywhere] Study results show that endorphins can be released through repeated licking, which further helps your pets keep calm, relaxed and reduces destructive behaviors. Our lick mat for dogs is soft, lightweight, durable and easy to carry. Suitable for pets of all sizes at home or during journey.
- [Safety Material – Easy to Clean] Dog food mat adopts food-grade silicone, 100% non-toxic. Freezer friendly, microwave and dishwasher safe (Tip: immerse in warm soapy water for a while if some food like peanut butter is hard to clean).

With 37 super suction cups, it holds strong to the smooth and clean surface, such as shower glass, side of the bathtub, or even the tiled wall.
