

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

PIKE BRANDS LLC,

Plaintiff,

v.

TEEGEM, *et al.*,

Defendants.

Civil Action No.

FILED UNDER SEAL

**DECLARATION OF DEE ODELL
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Dee Odell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the Merchant Storefronts¹ operating under the seller identities as identified on **Schedule “A”** of the Complaint (the “Seller IDs”). Upon accessing each of the Merchant Storefronts, we were able to view Defendants’ Infringing Products², add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants’ listings for Infringing Products, it was confirmed that each Defendant is offering for sale, knock-off products that infringe at least one the Plaintiff’s Patents. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area (“the Pennsylvania Address”) in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiffs’ Products. These were sent to Nate Jelovich, an executive of Pike Brands LLC. True

¹ As defined in the Application, a “Merchant Storefront” is any and all User Accounts, including but not limited to, those hosted by Amazon, eBay.com, Aliexpress.com, and wish.com, through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

² As set forth in the Complaint, Defendants have offered for sale, sold, and distributed infringing and knock-off versions of the Plaintiff’s Products which infringe upon at least one of its registered U.S. Patents (the “Infringing Products”).

and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 31st day of January, 2022, at Pittsburgh, Pennsylvania.

/s/Dee Odell

1 Applicable Promotion

- Supports self-feeding: Our spoon & fork toddler feeding supplies are ergonomically designed to suit the natural movement and grip of babies' hands, encouraging baby-led weaning and giving your wee one a chance to learn on their own schedule
- Safe material: These toddler fork and spoon sets has rounded and soft tips, which are food-grade pp material, no sharp edge, free from BPA, lead, phthalates and other harmful materials
- Easy clean-up: These baby spoons and forks are safe for the top rack of your dishwasher. Simply toss them in with your dishes or boil them for 2 minutes to clean
- Ergonomic handle: The short and rounded handle make it easier for babies to get food in their mouth.
- Intimate safety bezel: The distance from the top of the fork and spoon to the Baffle is 4.1cm, so that the baby will not go deep into the throat when eating, and prevent accidental swallowing and retch.

- **【Self-feeding Easier & Safe】** : To encourage baby-led weaning and baby self-feeding, our baby spoons are easier for baby to exploring thicker food blends and solids at first stage. And due to BPA-free+ 100% food-grade soft silicone, they can as a teether safe for little ones to chomp freely and soothe sore gums.
- **【Multifunctional Baffle Design】** : The baby spoons and fork with a detachable baffle. The baffle is a choke barrier to control entrance length to keep baby self-feeding safety. At the same time, it also can keep the spoon tip off the table.

About this item

- **DESIGN SPECIALIZED FOR FIRST STAGE** - Our utensils sets are specialized for toddler's self feeding training. From the transition into solid feeding at stage 1 baby led weaning at 6 months and up, specialized design is great for tiny hands and sensitive developing teeth.
- **SILICONE SOFT FOR PROTECTING TEETH** - Unlike plastic, silicone is super soft premium material for baby feeding supplies. It is elastic and gentle on gums to protect developing teeth on a new molar for kids.
- **CHOKES BARRIER FOR SAFE AND CLEAN** - The spoon has a large choke barrier to control entrance length to prevent from accidental choking when toddler eating. The choke barrier is also a rest to keep spoon tip off the table far away from germs.
- **TEXTURED POINTS IMPROVE SENSATION** - The back textured points of spoon tip can gently stimulate the infant's sense to soothe molar period for baby led weaning. It can also dip and hold food more stable.
- **ROUND HANDLE FOR EASY GRASP** - The fat round handle is ergonomical design for infant's tiny hand to develop small figure's dexterity.
