PUSIFCA, *et al.*,
Defendants.

Civil Action No.

**DECLARATION OF DEE ODELL
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Dee Odell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the Merchant Storefronts¹ operating under the seller identities as identified on **Schedule “A”** of the Complaint (the “Seller IDs”). Upon accessing each of the Merchant Storefronts, we were able to view Defendants’ Infringing Products², add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants’ listings for Infringing Products, it was confirmed that each Defendant is offering for sale, knock-off products that infringe at least one claim of the Plaintiff’s Patent. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area (“the Pennsylvania Address”) in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiffs’ Products. These were sent to Michael Scotese, an

¹ As defined in the Application, a “Merchant Storefront” is any and all User Accounts, including but not limited to, those hosted by Amazon, eBay.com, Aliexpress.com, Walmart.com, and wish.com, through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

² As set forth in the Complaint, Defendants have offered for sale, sold, and distributed infringing and knock-off versions of the Plaintiffs’ Product which infringe upon at least one of the claims in its registered U.S. Patent, (the “Infringing Product”).

executive of AquaPaw Brands LLC. True and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1.**

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 28th day of March, 2023, at Pittsburgh, Pennsylvania.

About this item

- With Suction Cups & Attaches to a Crate - This slow feeder dog licking mat has 6 strong suction cups on the back and can stick to any smooth surface. The dog busy mat is a great enrichment toy for cat dog grooming/nail trimming/vet visits/bathing. It has a detachable knob, which can easily attach the dog crate treat holder to a kennel. It helps calm and soothe your anxious puppies and prevent chewing, used by trainers around the world in positive dog training & behavior aids.
- Reduces Pet Anxiety/Destructive Behavior - Dog, puppy, cat, and kittens during stressful times, such as thunderstorms/staying alone/in the crate, often feel anxious, lonely, and boredom. Studies show repetitive licking increases endorphins which will keep pets entertained, Pusifca dog food mat can help anxiety relief for dogs by licking. Using a dog crate licking toy to suppress destructive behavior during stressful times is a great alternative to a traditional slow-feeder dog bowl.
- Health Benefits for Your Pet - You can spread foods and treats ranging from peanut butter, yogurt, jam, canned meat, and raw, wet, dry, and liquid foods on the dog freezing mat.

Dog Shower Lick Pad, Slow Feeder, Dog Peanut Butter Lick Pad Dog Mat Suctions to Wall for Grooming, Pet Bathing, and Dog Training (2pcs) Blue & Red

Brand: Ziaon

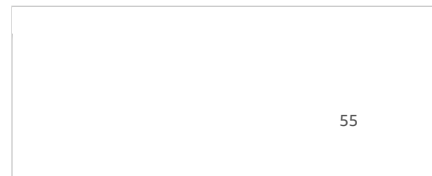

1 rating

Material	Silicone
Target Species	Dog
Brand	Ziaon
Operation Mode	Manual
Item Weight	200 Grams

About this item

- This Lickpad adheres very strict quality measures: The dog mat is made of high-quality silicone, which is food-safe and will not affect the health of your cute pet.
- Gives relaxing mind to your pets- Like reducing anxiety, humans, our pets love to keep it fresh and new. Every time they use our lick mat it's a new challenge with all the fun grooves. They have to dig the treat spread out with their tongue and teeth. Licking their tongue over the grooves provides fun sensations for them increasing their interest. Scraping their teeth and tongue ensures good dental hygiene. The slow feeding process ensures they have better digestion.
- High outer rim ensures no mess - This product has a high outer rim around the mat to ensure treat time doesn't get too messy. Your favorite treat spread like peanut butter won't leave the mat. The peanut butter will stick between the grooves of the lick mat. Our six inch mat is the right size for most dogs.

- 2-in-1 Design: You will receive a dog licking pad and a bowl scraper. About this item

- 🐶 **【Food Grade Materials】** Our lick pads for dogs are made of BPA-free food grade silicone, safe enough for your lovely pets. Due to the characteristics of silicone, our dog licking mats are microwave & refrigerator safe.
- 🐶 **【Feeding Mats for Dog Anxiety Relief】** Endorphins are released when a dog licks repeatedly, which relieves anxiety and inhibits destructive behavior, so our lick mats are perfect for vet visits, bath time, nail clipping, injury recovery, shaving, etc.
- 🐶 **【Dog Slow Feeders】** Our dog lick pad can extend your dog's feeding time to help your dog improve digestion, The raised dots on the mat can scrape off the food residue on your dog's tongue to freshen your dog's breath.
- 🐶 **【Easy to Use & Clean】** Spread jam, yogurt or peanut butter on the licking mat and place it on a smooth surface, 37 suction cups will keep the mat stable, and you just need to put our dog lick mat into dishwasher after use to keep it clean.
- 🐶 **【Warm Tips】** Please supervise your pet, although our lick pad is made of food grade material, it's not a chew toy. If you have any questions or suggestions, our team will reply you within 12 hours.

Recommendation

About this item

- **Crate Training Aids for Puppies:** The lick mat for dogs is designed with removable knobs for dog cages with wire spacing of 1.2"-2" and wire diameter no larger than 0.2", perfect for collapsible dog cages and most other standard wire cages. Hang the puppy lick pad on the crate to make crate training easy by encouraging licking.
- **Multi-functional Licky Mat for Dogs:** The raised particles of the licking pad can effectively clean the pet's mouth and slow down the pet's eating speed, thus promoting digestion. This slow feeder with 6 super suction cups that you can stick on smooth surfaces like bathroom tiles. The round design can also be used as a frisbee to interact with your dog.
- **Durable PP and TPR:** The dog peanut butter licking pad is made of heat and freezer-resistant PP and TPR. Compared with other thin slow dog feeders, this one is thicker and sturdier. It is recommended to apply wet food on the lick mat for small dogs and freeze it to extend licking time.
- **Happier Puppy Safer Furniture:** Dogs can lick repeatedly to promote the release of endorphins to relieve the boredom and anxiety of being separated from the family, which can greatly reduce the likelihood of your dog chewing on furniture while you are away. It's a toy to keep dogs busy during grooming and nail trimming time.
