

IN THE UNITED STATES DISTRICT COURT  
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

BROADWAY PINE BRANDS LLC,  
Plaintiff,

v.

OATSLIKEME, *et al.*,  
Defendants.

Civil Action No.

**FILED UNDER SEAL**

**DECLARATION OF DEE ODELL  
IN SUPPORT OF PLAINTIFF’S *EX PARTE* APPLICATION FOR ENTRY OF  
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Dee Odell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiff’s *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction (“Application”). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the Merchant Storefronts<sup>1</sup> operating under the seller identities as identified on **Schedule “A”** of the Complaint (the “Seller IDs”). Upon accessing each of the Merchant Storefronts, we were able to view Defendants’ Infringing Products<sup>2</sup>, add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants’ listings for Infringing Products, it was confirmed that each Defendant is offering for sale, knock-off products that infringe at least one claim of the Plaintiff’s Patent.<sup>3</sup> The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania.<sup>4</sup> At checkout, a shipping address located in the Pittsburgh area (“the Pennsylvania Address”) in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-

---

<sup>1</sup> As defined in the Application, a “Merchant Storefront” is any and all User Accounts, including but not limited to, those hosted by Amazon, Aliexpress.com, eBay.com, Joybuy, Temu.com, Walmart.com, and wish.com, through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

<sup>2</sup> As set forth in the Complaint, Defendants have offered for sale, sold, and distributed infringing and knock-off versions of the Plaintiff’s Product which infringe upon at least one of the claims in its registered U.S. Patent, (the “Infringing Product”).

<sup>3</sup> A copy of the patent is attached as Complaint Exhibit 2 (“Plaintiff’s Patent”). The Defendants had actual notice of the publication of this patent. The claims as published were the subject of a first office action allowance. Thus, the allowed claims and the published claims were identical. Defendants’ infringement began as early as November 21, 2019 (the publication date).

<sup>4</sup> When products were shipped and received, they were physically examined to determine that they were infringing, unauthorized and non-genuine versions of the Plaintiff’s Product.

commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiff's Products. These were sent to Michael Scotese, an executive of Broadway Pine Brands LLC. True and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as

**Composite Exhibit 1.**

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 10<sup>th</sup> day of October, 2023, at Pittsburgh, Pennsylvania.

- 1. High quality: Our toy storage basket is made of high-quality Oxford cloth, which is very durable, will not deform, and has a longer service life. The inner lining is made of waterproof polyester fabric, which is not easy to mold and can be machine washed. Long lasting and odorless. The lining of this toy basket is sewn into the toy basket
- 2. Large capacity: The toy storage box has a size of 33 x 33 centimeters/(13 x 13 inches) and can be expanded to a 59 inch foldable game pad when unfolded. Small architects can unfold building blocks or toys without cluttering them up. Allow your child to freely create, build, or restart.
- 3. Organize or store toys immediately: When you play again, this toy basket comes with an integrated game pad that can be easily unfolded. After you finish, it quickly cleans and helps you easily clean and store your child's blocks and other small toys in seconds, without worrying about your child making many small toys look messy
- 4. Multi purpose use: The toy storage basket adopts Fashion design and waterproof materials. You can rest assured that your child can use it in the room, or in outdoor camping, beach or park picnic. It is also an ideal gift for your parents or children's friends.

Good 👍,Worth Buying

This is fabulous especially if you have a Lego lover like me!! Love the fact that it stays contained on the mat and then clean up is just as easy as funneling them back in to the bin!!

### About this item

- **【Large Capacity】** Our large Toy Storage is a 13"wide x 17.7"tall - bigger than most toy organizers and storage bins - and a storage capacity 10 gallons with a 60" playmat for creative play. Forget the multiple container, go with 1 solution big enough for all toys, legos, cars, dolls.
- **【High Quality】** The premium felt material is sturdier than similar storage bins and keep it standing upright. Ripped proof and reinforced stitching makes for a longer life and more rugged play. And it is safer than standard flip-top toys boxes with a secure zipper closure lid.
- **【Save Your Floors From Toy Clutter】** The toy storage basket with lid can thoroughly keep all the small toy pieces inside without missing them. With three handles, everyone can carry and move it around easily. Our toy storage bin encourages independent play and good cleanup habits. The cinch cord on the mat helps you quickly gather your messy toys together and put them straight into the toy storage.

### About this item

- **[High Quality]** Our toy storage basket is made of high quality Oxford cloth, which is very durable and will not deform, and has a longer service life. The lining is made of waterproof polyester cloth, which is not easy to get moldy, and can be machine washed. It is durable and has no odor. The lining of this toy basket is sewn in the toy basket, not made in hook and loop.
- **[Large storage capacity]** The Lego storage bag is 30x30 /11.8x11.8 inches, which can be expanded to a 59-inch foldable game pad after being unfolded. Young assemblers can spread out their building blocks or toys without making a mess. Let your children be free to create, build or start over.
- **[Organize or store toys in an instant]** This Lego bag with integrated game pad can be easily unfolded when playing again, and quickly cleaned after completion, helping you to easily clean and store children's building blocks and other small toys in a few seconds, so you don't have to worry about children's large number of small toys making the room look messy.

False advertising by way of picture. Charged shipping after the order was placed. What a rip off. Total paid was over \$5 for a product I could have gotten at Dollar Tree. Total garbage.

Beckie

☆☆☆☆ 05/04/2023

Beware. False advertising. What you get doesn't look AT ALL like the picture. You get this cheap looking cable with big clunky aluminum ends, looks like you made it with a soldering iron in first year shop class. Throwing it out. No big deal, it's a few bucks, but what the expletive deleted /won't let me swear is THIS garbage? How about at least TRY to sell something that looks just a LITTLE like the picture you no doubt pirated off a legit cable manufacturer. Just urinates me off that I have to deal with this cheap two bit crap.

Christopher

★★☆☆ 08/30/2023

It arrived quick, sooner than the expected delivery date. But the seller should choose a better quality, that's why I'm giving only 2 stars.

Nenuca

☆☆☆☆ 08/12/2023

I would have liked the item that I purchased, not a totally different item as you can see in the picture. This is nothing but a towel with grommets.

If you're like me. You would have to have a sense of humor. You need to forgive, and laugh at yourself to think that I thought that I would use Eelhoe and that it would work as being shown on Facebook Market place. The company that makes Eelhoe must be laughing at my expense.
