

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

AIRIGAN SOLUTIONS, LLC,

Plaintiff,

v.

EFFECTIVECOST, *et al.*,

Defendants.

Civil Action No.

FILED UNDER SEAL

**DECLARATION OF DEE ODELL
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Dee Odell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiff's *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this Declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the respective Third Party Service Providers, the Merchant Storefronts¹ operating under the seller identities as identified on **Schedule “A”** of the Complaint (the “Seller IDs”). Upon accessing each of the Merchant Storefronts, we were able to view Defendants’ Infringing Products², we were able to view Through visual inspection of the Defendants’ listing for Infringing Products, it was confirmed that each Defendant is featuring, displaying, and/or using Plaintiff’s Works, or substantially similar copies of Plaintiff’s Work, without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiff’s Work, or substantially similar copies of Plaintiff’s Work, without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiff’s Work, or substantially similar copies of Plaintiff’s Work are, in fact, not genuine products. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing Products to the United States, including to customers located in Pennsylvania.

¹ As defined in the Application, a “Merchant Storefront” is any and all User Accounts through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

² As set forth in the Complaint, Plaintiffs are suing Defendants for infringing on their US Patent. Defendants have willfully infringed one or more of the claims of U.S. Patent No. 9,968,211 (“Plaintiffs’ Patent”), using Plaintiff’s federally registered copyrighted photographs or substantially similar copies to pass off the infringing products, thus infringing on Plaintiff’s copyright and unfairly competing, in order to counterfeit Plaintiff’s Product (the “Infringing Product”) by offering for sale, selling, and distributing knock-off versions of Plaintiff’s Product (the “Infringing Product”) which closely mimic the appearance of Plaintiffs’ genuine product within this district and throughout the United States by operating e-commerce stores established at least via the Internet marketplace website Amazon.com, eBay.com, Alibaba.com, AliExpress.com, Joybuy, Temu, Walmart.com, or wish.com, under their Store Names and Seller Names identified on Schedule “A” hereto (the “Seller IDs”).

At checkout, a shipping address located in the Pittsburgh area (“the Pennsylvania Address”) in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of the respective Seller IDs, and determined (1) that the listing infringed on the Plaintiff’s Work, and (2) the products were not genuine versions of the Plaintiff’s Products. These were sent to Margaret Tyler, the present of Airigan Solutions LLC. True and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant’s Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as Composite Exhibit 1. Further, when the ordered product was received it was examined and determined not to be authentic. Further, each of the Defendants who shipped the product collected and paid Pennsylvania sales tax.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 4th day of June, 2024, at Sewickley, Pennsylvania.

/s/ Dee Odell

Description

[Report Item / Suspicious Activity](#)

Product Description

Add the hard-boiled eggs and cover. Now you are ready to remove the eggs from the shell. Shake up and down with enough force to make the eggs hit the lid. Remember to take it easy or you'll end up with a muddy mess filled with shells.

Shake until the crust starts to feel "soft" about 4 to 12 times. Times will vary. The body is transparent so you can see the progress.

When you see the egg whites appear, it's done. mission completed. The egg will then slide out of the shell.

If the eggs are reluctant to shell, you may have to break the membrane after shaking to loosen the shell. This can happen with very fresh eggs, but it's not common.
