IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

PAWESOME PRODUCTS LLC, *et al.*, Plaintiffs, v. LV LIANG KITCHENWARE STORE, *et al.*, Defendants.	Civil Action No. **FILED UNDER SEAL**

DECLARATION OF DEE ODELL
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION

I, Dee Odell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the respective Third Party Service Providers, the Merchant Storefronts[1] operating under the seller identities as identified on **Schedule "A"** of the Complaint (the "Seller IDs"). Upon accessing each of the Merchant Storefronts, we were able to view Defendants' Infringing Products[2], add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants' listings for Infringing Products, it was confirmed that each Defendant is featuring, displaying, and/or using the Plaintiffs' Products, Plaintiffs' Works, and/or Plaintiffs' Mark without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiffs' Products, Plaintiffs' Works and/or Plaintiffs' Mark are, in fact, not genuine products. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area ("the Pennsylvania Address") in the Western District of Pennsylvania verified that each Defendant provides shipping to the

---

1 As defined in the Application, a "Merchant Storefront" is any and all User Accounts through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

2 As set forth in the Complaint, Defendants Plaintiffs are suing Defendants for infringing on their US Patent. Defendants have willfully infringed one or more of the claims of U.S. Patent No. 10,477,838 ("Plaintiffs' Patent" or "the '838 patent") by offering for sale, selling, and distributing knock-off versions of Plaintiffs' BRISTLY® dog toothbrush (the "Infringing Product") which closely mimic the appearance of Plaintiffs' genuine product within this district and throughout the United States by operating e-commerce stores established at least via the Internet marketplace website Amazon.com, eBay.com, Aliexpress.com, Joybuy, Temu, Walmart.com, or wish.com, under their Store Names and Seller Names identified on Schedule "A" hereto (the "Seller IDs").

Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiffs' Products. These were sent to Cindy Ghusakyan, the sole Member of Pawesome Pet Products LLC. True and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 26th day of June, 2024, at Pittsburgh, Pennsylvania.

About this item

- •Bristle Design for Effective Cleaning: Look for a canine care dog toothbrush with specially designed bristles that effectively clean your dog's teeth. Soft and angled bristles can help remove plaque and tartar without causing discomfort to your pet.
- •Size and Shape for Comfort: Choose a toothbrush that is appropriately sized and shaped for your dog's mouth. A comfortable fit ensures easy maneuvering and allows you to reach all areas of your dog's teeth for a thorough cleaning.
- •Safe and Durable Materials: Opt for a toothbrush made from safe and durable materials, ensuring it withstands regular use. Consider options with non-toxic materials and a design that minimizes the risk of injury to your dog's gums or teeth.
- •Dual-Ended or Multi-Functionality: Some toothbrushes come with dual-ended features or multiple functions, such as a brush on one end and a massaging tool on the other. This can provide a comprehensive oral care routine for your dog, addressing both cleaning and gum stimulation.
- •Compatibility with Dog-Friendly Toothpaste: Ensure that the toothbrush is compatible with dog-friendly toothpaste. Using toothpaste specially formulated for dogs can make the brushing experience more enjoyable for your pet and contribute to better oral health.

Dog Toothbrush Chew Toys, Suction Cup Silencer, Dog Toys, Molar Sticks, Dog Toothbrush Pet Toys, Dog Teeth Cleaning, Dog Teeth Toys, Puppies and Aggressive Chewers. Size: Small, Medium and Large

Brand: Sheng Jie

- Product specifications:
- ★[Material]-Sucker squeaker sticks, made of absolutely non-toxic TPR natural rubber, soft texture, environmentally friendly, this soft chew toy will not harm the dog's teeth and gums when playing for a long time, and is easily eroded into Fragment bite. (But please note: any chew toy cannot be used continuously forever. Please remember to replace it regularly for hygiene purposes)
- ★[Perfect and durable design]-Dogs can clean their teeth deeply while playing with cactus. The grooves are strong enough to remove stones and soft plaques on hard-to-reach corners when chewing and bringing back fresh breath, thereby increasing the brushing surface and maximizing the brushing effect. It is very suitable for chewing training indoors and outdoors. Recommended by a veterinarian.
- ★[Relieve stress]-When dogs are left alone, they will use furniture to make mincemeat. They really need this cactus on the cactus chew to protect your furniture from damage! Chewing chew toys can keep them entertained for a few minutes or hours, and reduce separation anxiety and stress during separation.
- ★[Easy to use]-You can insert food snacks or pet toothpaste into the hole to attract cute puppies and let them chew the toy for a few minutes or hours. But it should be cleaned regularly before or after use.

About this item

- •Bristle Design for Effective Cleaning: Look for a canine care dog toothbrush with specially designed bristles that effectively clean your dog's teeth. Soft and angled bristles can help remove plaque and tartar without causing discomfort to your pet.
- •Size and Shape for Comfort: Choose a toothbrush that is appropriately sized and shaped for your dog's mouth. A comfortable fit ensures easy maneuvering and allows you to reach all areas of your dog's teeth for a thorough cleaning.
- •Safe and Durable Materials: Opt for a toothbrush made from safe and durable materials, ensuring it withstands regular use. Consider options with non-toxic materials and a design that minimizes the risk of injury to your dog's gums or teeth.
- •Dual-Ended or Multi-Functionality: Some toothbrushes come with dual-ended features or multiple functions, such as a brush on one end and a massaging tool on the other. This can provide a comprehensive oral care routine for your dog, addressing both cleaning and gum stimulation.
- •Compatibility with Dog-Friendly Toothpaste: Ensure that the toothbrush is compatible with dog-friendly toothpaste. Using toothpaste specially formulated for dogs can make the brushing experience more enjoyable for your pet and contribute to better oral health.
