

IN THE UNITED STATES DISTRICT COURT  
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

AIRIGAN SOLUTIONS, LLC,

Plaintiff,

v.

MORNING CHEF, *et al.*,

Defendants.

Civil Action No.

**FILED UNDER SEAL**

**DECLARATION OF DEE ODELL  
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF  
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Dee Odell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiff's *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this Declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the respective Third Party Service Providers, the Merchant Storefronts<sup>1</sup> operating under the seller identities as identified on **Schedule “A”** of the Complaint (the “Seller IDs”). Upon accessing each of the Merchant Storefronts, we were able to view Defendants’ Infringing Products<sup>2</sup>, we were able to view Through visual inspection of the Defendants’ listing for Infringing Products, it was confirmed that each Defendant is featuring, displaying, and/or using Plaintiff’s Works, or substantially similar copies of Plaintiff’s Work, without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiff’s Work, or substantially similar copies of Plaintiff’s Work, without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiff’s Work, or substantially similar copies of Plaintiff’s Work are, in fact, not genuine products. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing Products to the United States, including to customers located in Pennsylvania.

---

<sup>1</sup> As defined in the Application, a “Merchant Storefront” is any and all User Accounts through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

<sup>2</sup> As set forth in the Complaint, Plaintiffs are suing Defendants for infringing on their US Patent. Defendants have willfully infringed one or more of the claims of U.S. Patent No. 9,968,211 (“Plaintiffs’ Patent”), using Plaintiff’s federally registered copyrighted photographs or substantially similar copies to pass off the infringing products, thus infringing on Plaintiff’s copyright and unfairly competing, in order to counterfeit Plaintiff’s Product (the “Infringing Product”) by offering for sale, selling, and distributing knock-off versions of Plaintiff’s Product (the “Infringing Product”) which closely mimic the appearance of Plaintiffs’ genuine product within this district and throughout the United States by operating e-commerce stores established at least via the Internet marketplace website Amazon.com, eBay.com, Alibaba.com, AliExpress.com, Temu, TikTok, Walmart.com, or wish.com, under their Store Names and Seller Names identified on Schedule “A” hereto (the “Seller IDs”).

At checkout, a shipping address located in the Pittsburgh area (“the Pennsylvania Address”) in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of the respective Seller IDs, and determined (1) that the listing infringed on the Plaintiff’s Work, and (2) the products were not genuine versions of the Plaintiff’s Products. These were sent to Margaret Tyler, the present of Airigan Solutions LLC. True and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant’s Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as Composite Exhibit 1. Further, when the ordered product was received it was examined and determined not to be authentic. Further, each of the Defendants who shipped the product collected and paid Pennsylvania sales tax.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 8<sup>th</sup> day of October, 2024, at Sewickley, Pennsylvania.

/s/ Dee Odell

### Hard Boiled Egg Peeler Hand Crank Egg Peeler Shaker Egg Shell Removal Tool for Kitchen Accessories Yellow

★☆☆☆☆ (1.0) [1 review](#)

#### At a glance

<b>Brand</b> PZCC	<b>Material</b> PP, GPPS
----------------------	-----------------------------

#### About this item

- 1. HOW TO USE: Add some water to the egg peeler. Add the hard boiled eggs and snap on the lid. Shake the egg shaker up and down so that the eggs touch the lid.
- 2. TIMES: Shake 4 to 12 times until you feel the shells start to "soften". You can use a peeled hard boiled egg to observe progress.
- 3. HIGH EFFICIENCY: Egg peeler helps you make your favorite egg dishes in no time. Great for people with hand problems or anyone who hates peeling eggs.
- 4. EASY TO STORE: Hard boiled egg peeler is made of PP and GPPS and is small, lightweight and easy to use. Compact and easy to store.
- 5. KITCHEN TOOLS: Hard boiled egg cracker is a handy kitchen tool that makes a great egg present for a housewarming party or any dorm room.

Seller did not send the tracker or Black band. Only receiver brown band which is useless. Long wait for product to arrive then to have it be wrong. Now another long wait for a refund.

Description

- 1. Manual operation: This product is completely manual operation, no battery or power supply is required, you only need to put the boiled egg in, and the eggshell can be easily removed with a light Press.
2. Keep your hands clean: With this product, you don't have to peel egg shells with your hands, which can avoid sticky hands and prevent your hands from being injured by peeling egg shells.
3. Easy to shell: This product has an innovative design that can quickly and easily remove cooked egg shells, no matter how many eggs you need to peel, you can save your precious time.
4. Suitable for eggs of various sizes: whether it is a small egg or a large egg, it can be applied. It can adapt to various sizes of eggs, making your job of shelling easy.
5. High-quality materials: The products are made of durable, food-grade safe materials, which can ensure your food safety and long life. At the same time, its structural design allows you to easily clean and store, making it the

Color: White \$16.40 \$15.88

- Add 1/4 cup (Negg capful) of water to the Negg. Add your hard-boiled egg and snap on the top cap.
• Now you're ready to slip the egg out of its shell. SHAKE the Negg up and down with enough force so that the egg strikes the caps. Remember to take it a little easy, or you will end up with a slushy mess complete with shells.
• Shake until you feel the shell begin to "soften" - approximately 4 to 12 times. Timing will vary. The body is clear so you can watch the progress.
• When you see the white of the egg appear, you're done. Mission Accomplished. The egg will then slip out of its shell.
• If the egg is a reluctant sheller you may have to break the membrane after shaking to get the shell to release. This can happen with extremely fresh eggs, and is not the norm.

Color: Yellow  
Brand: NEGG  
Recommended Uses: Hard-Boiled Eggs  
For Product  
Color: Yellow  
Special Feature: Sturdy, Compact  
Product Dimensions: 3"L x 3"W

#### About this item

- Add 1/4 cup (Negg capful) of water to the Negg. Add your hard-boiled egg and snap on the top cap.
- Now you're ready to slip the egg out of its shell. SHAKE the Negg up and down with enough force so that the egg strikes the caps. Remember to take it a little easy, or you will end up with a slushy mess complete with shells.
- Shake until you feel the shell begin to "soften" - approximately 4 to 12 times. Timing will vary. The body is clear so you can watch the progress.
- When you see the white of the egg appear, you're done. Mission Accomplished. The egg will then slip out of its shell.
- If the egg is a reluctant sheller you may have to break the membrane after shaking to get the shell to release. This can happen with extremely fresh eggs, and is not the norm.

Color: White

- Add 1/4 cup (Negg capful) of water to the Negg. Add your hard-boiled egg and snap on the top cap.
- Now you're ready to slip the egg out of its shell. SHAKE the Negg up and down with enough force so that the egg strikes the caps. Remember to take it a little easy, or you will end up with a slushy mess complete with shells.
- Shake until you feel the shell begin to "soften" - approximately 4 to 12 times. Timing will vary. The body is clear so you can watch the progress.
- When you see the white of the egg appear, you're done. Mission Accomplished. The egg will then slip out of its shell.
- If the egg is a reluctant sheller you may have to break the membrane after shaking to get the shell to release. This can happen with extremely fresh eggs, and is not the norm.
