Sells fake dossier which is already supposed to be a reputable fragrance dupe company and somehow this seller slaps a fake label on a cheap smelling fragrance and cheats people out of quality and money.

The 18k gold plating came off after a week. According to the specifications, the metal was supposed to be silver. It started turning my finger green, and with the plating all gone, it's easy to see that the ring is made of copper. The band width and height is larger than shown it the picture. I'm very disappointed.

This seller has awful customer service and never canceled my order like they told me they did. When I emailed to tell them that my order was never canceled, they replied "Ok". Yes, I'm serious. Steer clear of this third-party knock-off seller.

IL Makiage Power Lift Plumping Cream, Anti-Aging...

Instead of Il Makiage cream they sent me a product from a completely different brand impersonating it, they completely deceived me and I am very upset by it as I cannot believe Walmart allows this from its 3rd party sellers.

It actually breaks eggs very well without eggshell. I had to glue the metal prongs into the plastic because they kept falling out. The hinged part of it looks like it will not last very long being plastic and folded in and out constantly, but time will tell.

Item bought

Item never delivered. The entire tracking was a lie. Do NOT buy from this seller. Supposedly, item was out for delivery at 4:22AM...really?...then I received an email at 6:30AM that it was delivered...really?....in the dark?? I'm up by 7am and saw no packages. Wal-Mart also saw the obvious lie and issued a full refund
